Thanks Peter. Can we get a figure with dimensions of each of those three areas? We eventually need the same figures with the soil sample results listed for Ra-226 and Ra-228 above the SSALs

Good Afternoon,

Please find attached the volume estimates for the excavation work that is to be conducted at the Greater Niagara Building Center, 9540 Niagara Falls Blvd.

I've broken down the estimates based on material type for disposal purposes. Please let me know if you need clarification on the what is being presented here.
